Item # CA32106 L, Hand Crank Hose Reel

Reelcraft's Series 30000 reels are designed for rugged, heavy duty applications requiring long lengths of hose and large storage capacity. All-bolted unitized construction with no welds to fatigue, full flow swivel and heavy gauge steel frame, spool and drum ensure longest service life. Series 30000's vibration-proof, self-locking fasteners are ideal for industrial or field use such as turf care or pest control. **Caution:** To prevent drum damage, fully extend and pressurize hose, then wind on the reel. The 30000 series should always be wound under pressure.
