The Cleaning Power of Water

POWERHOUSE Series

Electric Heated • Hot Water • Steam

Ideal for in-plant cleaning - the most compact, energy efficient pressure washer in the industry.

- Maintains heat after extended use
- Efficient, on demand heat exchanger creates continuous hot water or steam
- General triplex pump 
- Automatic on/off controlled at gun
- Diagnostic control panel
- Easily moved with optional cart
- Compact - 43"L X 21.5"W X 32"H
- CSA Approved

ALL ELECTRIC ADVANTAGE

- No refueling
- No open flame
- No ventilation
- No smoke
- No hot exhaust
- No odour

Heat rise based on input 440V and 50°F inlet water.

Standard Features:

- Continuous hot water or steam
- Adjustable temperature and pressure
- 24V operating controls
- Hour meter
- Automatic on/off controlled at the trigger gun

- Low water shut down
- Forged pump head, removable valve caps and ceramic plungers
- Downstream injection, applies chemical at low pressure (steam unit high pressure)
- 50' steel wire braided pressure hose with couplers

Safety high limit

Options:

- Stainless steel cover
- Stainless steel base
- Portable cart
- Power cord
- Protective pump cage
- Voltages 208, 380V/50Hz
